April 1, 7 pm at Perkins

Cheyenne Rock & Gem Show
17-18 May, American Legion
Post 6.

Douglas Creek Outing: 12-13
July 2008

January Minutes

Meeting opened at 1908 by Bob, with 27 members present. No minutes were read from December.

There will be a 3oz. silver ingot raffled off. We will hold the raffle over the course of the next three months. That should put the raffle in April. Don Ashley is to thank.

Ken is looking for speakers. We would like to have a speaker from the forestry department or a speaker to cover Geology. If anyone has a friend or knows of someone who could fill these spots for us please call me at the studio 635-7303 and we will get this arranged.

Ron McKee has a claim and is selling bags of concentrate from his claim. A reminder that Felix is charging \$1000 for a case and \$100 for 2 bags. Also we could buy gold directly from the gold shows. These are just several examples of a way for the Chapter to restock it's gold for the demos. Don Ashley will look for another nugget and he may even buy one.

The club store is open for business, just talk to George or Peggy Stumpf.

A reminder about the ore that Dennis mentioned at the December meeting. The man with the ore will be moving this November. Dennis will let us know more when he returns from Casper.

The Chapter voted on a date for our annual outing. We will be holding it on the 12th and 13th of July.

Bob and Carolyn Bruce will be back in town in February for a wedding.

Andrew Rios's Daughter is doing better. Louise is going to Colorado soon for surgery.

A recent show (either Gold Fever or Prospecting America) had some of (cont)

(Cont) our members on it. The McKees are now famous, congrats.

A thank you to Joe and others for pitching in on the prizes for the Christmas dinner. We plan on planning sooner for this years Christmas. Any ideas are welcome.

The rock and gem show will be may 17th and 18th. If you can help this year please let me know.

The small museum at Frontier Park has another project in July. The Chapter does not have enough supplies to do our normal gold demo. Instead of giving the kids gold on the cards, we are looking at having some kind of "Gold Miner's Gum".

End

Let Your Voice Be Heard!

Don Ashley sent me a copy of this email, I think that he wanted me to pass it on to everyone. This seems like a good email to send to our Congressional Delegation also.

Subject: Wyoming Range At Risk
Date: Sat, 26 Jan 2008 15:17:03 -0700

Thank you for this opportunity to say thanks in part for your actions to protect Wyoming from over development by the energy industry.

Unfortunately there is a small group of Sportsmen and women that have been disregarded in some of the legislation that is being pushed forward. The Recreational Prospectors will be forced to give up their recreational needs to support the efforts to protect the land.

Unfortunately our hobby gets linked into the same verbage as the industrial mine and oil industry. Our hobby in fact helps to improve fish habitat. Our small scale operations help to remove trash elements from the waterways such as mercury and lead. Our organization, the Gold Prospectors Association of America (GPAA) helps to teach responsible recreational mining. Members of the Cheyenne GPAA Chapter put out a fire that had been started by an ATV accident in the National Forest this last summer in the Douglas Creek area. We have put out camp fires that were left burning by other campers and recreationalists in the Fox Park Area. We pick up trash left behind by individuals participating in other recreational activities listed in your flyer. If our recreational hobby ends up being eliminated by this current round of legislation what is going to stop someone next year or the year after from stopping hunting, fishing, ATV's, camping, boating, hiking or any other recreational activities one at a time. All, I ask is to keep us in mind during your efforts.

Donald Ashley
Hunter, Fisher, Hiker and Recreational Prospector
