November Minutes

Ken called the meeting to order with 30 members present and 1 guest.
The reading of the minutes from the last meeting was waived.
The Rock & Gem Club donated a 40 gram copper nugget for our monthly drawing.
The drawing for the Rock & Gem Show Gold nuggets will be held on May 16th, if enough tickets are sold to cover our costs.
Over the past two months our Chapter has collected \$250 to donate to the Public Lands for the People organization. We collected another \$64 at the November meeting for a total of \$314.
The Chapter also collected \$75 for the charity in Laramie .
We have been having some difficulties with The Cloud 9. There have been some changes in personnel and it is under new management. The Chapter will continue holding our meetings there and give them a chance to correct the problems. Sanford's has been mentioned as an alternative if The Cloud 9 does not work out. Sanford's would charge us \$40 for the use of their facilities.
The FS has been busy closing roads in the Snowy Range Mountains, Bob Morrison asked one of the workers why they were closing the roads and was told the intent is to force ALL people out of the forests. The District Ranger was not told which roads were being closed, the group doing it came in from out of state. Get ready for another fight.

"CHUCK'S GOLD TRAPPER"™

REVOLUTIONARY HAND DREDGE
As seen on the Outdoor Channel "Gold Fever" film 81GF

This sand pump actually really works. It has a diaphragm check valve built into the bottom cap. This allows you to suck gold and sand from under a rock in a stream and transport it to your bucket or sluice without losing any of your sample. It will suck sample out of a three foot deep hole and not lose any of your gold. I also have a crevice tool that goes on the end of the "Gold Trapper" and extends it a little over a foot to let you suck out cracks in bedrock or work your way through big rocks in the bottom of a hole.
100% satisfaction guaranteed or your money back.
I will guarantee the workmanship and materials of the "GOLD TRAPPER," when used under normal use, for a year.
